REMARKS

25X1 1. In the morning on 3 May 1954, 24 x 37-mm AA guns, about 40 motor vehicles, 4 field
 25X1 kitchens, billeting and sports equipment and about 400 troops wearing red-bordered
 25X1 black epaulets from Artillerie Kaserne (4601), Kuesstrin, were loaded on 2 trains at
 the Kieta railroad station and left toward Frankfurt/Oder at about 3 p.m. and 5 p.m.
 The AA guns, which were towed to the station by trucks, were organized in 4 columns of
 each 6 guns. At about 1 p.m. on 3 May, 6 trucks towing 37-mm AA guns and about 8 trucks
 carrying billeting and sports equipment entered the quartering area from the direction
 of Manschnow. The guns were emplaced in the western gun training area, while the trucks
 returned to the installation.

25X1 2. On 2 May, a column of 5 trucks carrying boxes, probably with ammunition
 25X1 left the Artillerie Kaserne (4602) in Frankfurt/Oder toward the railroad
 station. On 5 May, heavy traffic by trucks carrying boxes and billeting equipment
 25X1 was observed between the barracks installation and the railroad
 station.

25X1 1. Comment. shipments went from
 25X1 Kuesstrin to Justerbog-Altes Lager on 3 May. The present information confirms the
 25X1 transfer to Justerbog of elements of the 32d AAA Div (US) from the Artillerie Kaserne in
 Kuesstrin.

25X1 2. Comment. The trucks of the 32d AAA Div (US), which carried billeting equipment,
 25X1 tend to indicate that elements of the division from Frankfurt/Oder also transferred in
 25X1 early May.
